## The Howard Academy Trust

As a Trust, we currently comprise of 7 schools, across Kent and Medway. We currently have 3 secondary schools and 4 primary schools. We have future growth plans as a Multi Academy Trust with major projects taking place across the organisation.

Our overarching aim and vision for our member schools is “working together to create a community of successful learners”. In doing this, we will deliver an outstanding education for the children and young people who attend our academies. We endeavour to ensure that all our pupils have access to the highest standards of teaching, resources and opportunities. The Trust’s role is to oversee the leadership and vision of member schools and to develop effective and supportive partnerships between them. We have a firm belief within the Trust that every child should have access to at least a good education.

We are proud that every academy inspected since joining our Trust has remained as a Good school. Both Temple Mill Primary School and Waterfront UTC joined the Trust as sponsored academies and have moved from Special Measures to a Good school on their first inspection. Our schools serve their own community, and each has a unique identity. Being part of this Multi Academy Trust has already provided member schools with practical benefits. We want communities to be proud of their local THAT school and we are determined to make it the first choice for all families.

As Chief Executive, I am enormously proud of our schools and of the leaders, governors, teachers and support staff who every day ensure our pupils enjoy and make good progress in their learning.

# Welcome to The Abbey School

Welcome to The Abbey School, and thank you for your interest in this post. The Abbey School joined the very successful Howard Academy Trust on 1st April 2023, after celebrating the school's best academic results *ever* in 2022. The Abbey School is a mixed secondary school with a thriving population of over 1200 students. We believe that school should be a place where young people can discover and develop their own individual talents. This means an education that is structured around the individual strengths and needs of each child.

At the end of their time with us, we aim for all our young people to leave the school confident, happy and well equipped to take their place in employment or further education. We are particularly proud of the support structures that exist within the school which we continually enhance. Developing 'well rounded' individuals who possess a strong sense of responsibility for both the school and the wider community is important to us. Our students require not only an excellent foundation in learning, but also attributes such as resilience, leadership, creativity and team-working skills.

When you visit our school I am sure that you will recognise not only the warm welcome of our students but also their enjoyment and passion for learning.

Our school motto reflects our educational values. It is inclusive of all that belong to our community and, as such, it is our aim that all members of our school show respect for one another.

# “Be the Best You Can Be”

## Aspiration

Aspiration at The Abbey School does not only mean wanting to do well in tests or gaining qualifications. It refers to the broader sense of accomplishment gained through personal development and through participation in a large variety of opportunities offered to our students. In many circumstances achievement of their goals should be recognised or praised, but we will not reward mediocrity.

## Community

Our school emphasises the importance of working collectively both within the school and with local partners. Our vision is that students should be the best that they can be and support others in realising this goal. When students achieve they not only improve their sense of identity but also their commitment and feeling of belonging in the school.

## Curiosity

We want our students to take a keen interest in the world around them and develop a love of learning. This means being exposed to issues such as the complexities of the universe and the human condition. When faced with the scale, intricacy and magnificence of the world around them our hope is that they develop a sense of wonder and humility. In doing so they may also consider the value or meaning of their own life.

Headteacher
