A Message from our Chief Executive

Dear Parents, Carers, and Colleagues,

As we come to the end of a busy first term, it is a pleasure to be writing my first introduction to our Trust newsletter as Interim Chief Executive. There has been a great deal happening across our nine schools, and I hope you enjoy reading the newsletter to find out about some of the excellent work and achievements featured in this edition.

One of my priorities when taking on the role was to spend more time in our schools. I am pleased to have now visited all nine at least once this term, meeting with Principals and walking around each school. It has been a real pleasure to speak to staff and pupils, see some excellent work taking place and hear about the opportunities our schools are providing for our children and young people.

This term, we have agreed a £2.6 million capital programme for 2026/27, funded centrally by the Trust, to deliver further IT and Estates improvements across our nine schools. Work will now begin to obtain quotations and finalise specifications. Much of this investment will focus on essential infrastructure and compliance, which may go largely unnoticed but is incredibly important. Alongside this, we have allocated a further £200,000 to our 'WOW' projects, delivering more visible improvements to learning environments across a number of our schools during the coming year.

We were also pleased to welcome Dan McDonald, Chair of Trustees, and Simon Bass, Vice Chair of Trustees, to The Rowans for a school visit. Both thoroughly enjoyed their time at the school, commenting that *"what really came across was just how much thought, care and commitment goes into making sure the children have the best possible experience."* Over the coming terms, we will be offering all Trustees the opportunity to visit our schools.

I have also attended many of our schools' Local Academy Board meetings. These have been a valuable opportunity to introduce myself, hear Principals report on their schools and see the excellent support and challenge provided by Governors. Our Governors give their time voluntarily and play an important role in our schools. If you have any contacts who would be interested in joining a Local Academy Board, please contact Sarah Phillipson at sphillipson@thatrust.org.uk.

I am also really pleased that we can finally celebrate the excellent Ofsted outcome at Miers Court Primary School, which was judged Strong in five areas of its recent inspection. I am sure you will all join me in congratulating the school on this fantastic achievement. It is thoroughly deserved and gives the whole school community a great deal to be proud of.

Finally, a huge thank you to all our staff, leaders and governors for everything they continue to do. My visits this term have reinforced just how much hard work and care goes into providing the best possible education and opportunities for our pupils every day.

I hope you all manage to have a real rest over the two week October half term.

K. Taylor

Kyle Taylor **Interim Chief Executive**

A Message from our Chief Executive

Welcome to our latest Trust newsletter, celebrating the fantastic examples of Inclusivity, Dignity, Respect and Ambition shown by our pupils and staff across our academies.

From embracing challenges and adventures to inspiring trips, workshops and fundraising initiatives, discover how our Trust values continue to shine through everything we do.

K. Taylor

Kyle Taylor **Interim Chief Executive**

Inclusivity

KS3 pupils at **The Rowans AP Academy** have been developing their batch-cooking skills while exploring the importance of sharing meals with friends and family. Cooking and eating together helps bring people together, celebrate differences and build a sense of belonging.

Thames View Primary School PGL adventurers have been embracing challenges, from the giant swing and abseiling, to tunnel trails and raft building. The pupils have shown fantastic teamwork, courage and encouragement for one another, and supported each other along the way.

Ambition

Former **The Howard School** student Luis Binks received his first Scotland senior squad call-up, and the story has since been picked up by the BBC. Their team visited The Howard to speak with students and staff about Luis' time at the school and his journey to professional and international football.

A proud moment for **Deanwood Primary School** students Caydence, Gracie-Mae and Liana, as they signed for 'Medway Town Pinx'. Their commitment, talent and ambition have earned them this exciting opportunity, and we can't wait to see what they achieve. Well done, girls!

Dignity

Well done to Sylvie B at **The Abbey School** who raised an incredible £422 for the Meningitis Research Foundation through her own tombola stall at Macknade! Her kindness, generosity and commitment to helping others are a fantastic example of dignity in action.

Miers Court Primary School supported Jeans for Genes Day on Friday 18 September, helping raise funds to support children living with genetic conditions. Pupils wore denim to school in exchange for a £1 donation, showing dignity and compassion for others.

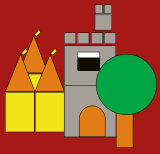

Respect

Year 6 at **Temple Mill Primary School** welcomed three Magistrates to learn more about the UK justice system, the role of Magistrates and why laws are important. A valuable opportunity to explore respect, responsibility and consequences through real-life experience.

Waterfront UTC students represented their school brilliantly as ball retrievers at a recent Gillingham FC match. Their professionalism, enthusiasm and excellent behaviour earned praise from club staff, showing the respect and maturity they bring to every opportunity.

“Pupils feel welcome in this friendly and nurturing school.”

Miers Court Primary School is celebrating a fantastic Ofsted outcome, with five areas judged ‘Strong Standard’ and two ‘Expected Standard’ under the new framework.

Inspectors rated Attendance and Behaviour, Inclusion, Leadership and Governance, Personal Development & Wellbeing and Early Years as ‘Strong Standard’. The report praised the school’s “thought provoking” curriculum, positive attitudes to learning and inclusive culture, noting that pupils “feel welcome” and “achieve well”.

The school’s Early Years provision was also recognised as ‘Strong Standard’, a grading achieved by only 25% of schools inspected under the new framework so far.

Principal, Mrs Fordyce, said:

“We are all absolutely delighted with the outcome of our Ofsted Inspection. This report is a wonderful recognition of the hard work, dedication and commitment of our pupils, staff, governors and

families. Most importantly it reflects the positive, ambitious and nurturing environment that we strive to create every day, where every child is supported to achieve their very best.”

Kyle Taylor, Interim Chief Executive of The Howard Academy Trust, added:

“I am delighted that Miers Court Primary School has been recognised as Strong in five areas of its Ofsted inspection. This is a fantastic outcome and gives the whole school community a huge amount to be proud of.

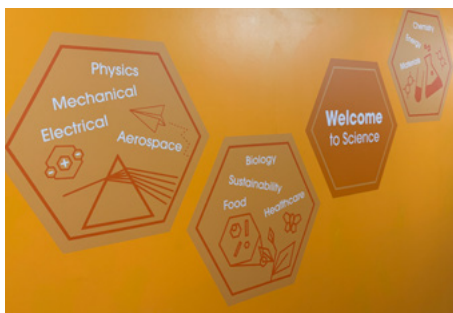

We are incredibly proud of the leadership team, staff and governors at Miers Court. Their determination, commitment and hard work, day in and day out, has made a real difference to the school and, most importantly, its pupils.

This report is recognition of everything they have achieved, and is thoroughly deserved.”

A Summer of WOW Projects

Investing in Our Academies

Over the summer, more than £1.5 million was invested across The Howard Academy Trust, with projects taking place across all our academies to improve our premises, strengthen IT infrastructure and complete essential health, safety and compliance works.

Across our primary academies, investment included transformed EYFS outdoor areas at Temple Mill and Deanwood, refreshed classrooms and communal spaces, new outdoor play equipment and dedicated WOW Project spaces for learning, collaboration and pupil engagement. Miers Court and Thames View also received significant upgrades to their network, Wi-Fi and connectivity.

Our secondary academies also saw major improvements, including refurbished classrooms, Sixth Form and shared spaces, new technology and upgraded digital infrastructure. Hurstmere gained three flexible 'Big Teaching' classrooms, while The Abbey now boasts a new greenhouse space, to support practical learning and horticulture.

Our WOW Projects have also created some exciting new spaces, including a transformed school hall at Hurstmere, a purpose-built Coffee Cabin at The Rowans AP Academy, and a refurbished Sixth Form area and dining space at The Howard School.

Alongside the visible improvements, essential works including boiler replacements, electrical upgrades, window replacements, concrete repairs, gas safety works and energy-efficient lighting are helping ensure our schools remain safe, compliant and fit for the future.

These projects are about more than improving buildings. They are about creating better spaces for learning, wellbeing, independence and opportunity, supporting our pupils and staff every day.

A huge thank you to our Estates, IT, Marketing & Design and Site Teams for the hard work behind the scenes in delivering this significant programme over the summer.

Hello and welcome from Olive Dining!

From Term 2, Olive Dining will be bringing fresh, nutritious and delicious food to many of our THAT schools*!

“We’re passionate about serving high-quality meals made with carefully selected ingredients. Wherever possible, we use locally sourced produce, supporting our communities while making more sustainable choices. Our three-week menu cycle is thoughtfully created with your school pupils in mind, offering a variety of tasty, balanced meals to keep children fuelled throughout the school day. Alongside our hot meals, we also offer a Salad Deli Bar, packed with a colourful selection of fresh salads, vegetables and tasty toppings, giving pupils plenty of choice to create a lunch they’ll enjoy. **Great food, plenty of choice and something for everyone!**”

Health and wellbeing support for all, for less than £16 a month

Support when life gets busy

For less than **£16 per person, per month**, Benenden Health membership gives all employees practical healthcare and wellbeing support that fits around busy, varied working lives.

Open to everyone: no age limits, no medical questionnaires and no exclusions for pre-existing conditions.

Benefits available to members:

24/7 GP Helpline

Expert GP support around the clock, helping you get answers faster

Physiotherapy

Expert support to help reduce pain and improve mobility

App Wellbeing Hub

Take control of your wellbeing with expert advice, health tools and resources available on your phone

Mental Health

Access confidential support whenever you need someone to talk to

Diagnosis and Treatment

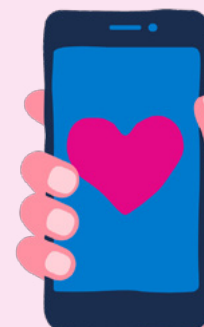

Help you find answers faster with Medical Diagnostics, when the NHS wait time is over 3 weeks

Scan the code to join today!

Eligibility criteria and exclusions may apply.

Inspiring Young Writers

Willow Class were delighted to welcome author David Fuller, who shared his passion for reading and writing and treated the children to exciting extracts from his books. His visit gave pupils a wonderful insight into the creative process and encouraged them to think about what inspires their own writing. Taking on board his advice, the children have since been busy planning and writing their own stories, with some fantastic ideas and creative characters emerging. It was wonderful to see their enthusiasm for storytelling grow!

World Explorers

Year 4 pupils became world explorers as they used atlases to locate different countries and identify the continents they belong to.

From exploring South America to finding Australia, Willow Class worked brilliantly together, developing their map skills while showing plenty of curiosity and enthusiasm for their learning. A fantastic geography lesson!

Celebrating Molly's Progress

A fantastic achievement for Molly in Year 4, who was awarded an Outstanding Progress Award by her teachers at Razzamataz. Molly was incredibly proud of her achievement, and it's wonderful to see her growing in confidence over the past year.

Her progress has been recognised both in school and by her drama teachers at Razzamataz – a brilliant example of how confidence and determination can make a real difference. Well done, Molly!

VIP Lunch Club

Year 4's VIP Lunch Club is back again this term! Pupils are working towards their Multiplication Tables Check by following a TTRockstars practice schedule and meeting weekly targets in Garage mode.

Those who reach their target earn a place at Miss Manewell's VIP Lunch Club, enjoying a well-deserved lunch, juice, a biscuit and a movie. A fantastic way to recognise their hard work and commitment!

Exploring Ancient Egypt

Year 5 enjoyed bringing their learning about Ancient Egypt to life. Pupils explored the mummification process, created clay amulets, examined artefacts including some genuine Ancient Egyptian items, and had a go at writing on papyrus using ink.

They also discovered how Ancient Egyptians spent their leisure time, by playing traditional board games. A brilliant day of hands-on learning and discovery!

From Farm to Fork

Year 3 have been learning about where our food comes from, exploring where different fruits are grown around the world.

The children investigated the journey of the fruit in their shop basket before putting their practical skills to the test. Using their chopping techniques, they worked carefully to create their own colourful and delicious fruit salads. A fantastic way to combine learning with hands-on experience!

Enterprise Class Creates Some Vikings!

Enterprise Class brought their Viking history learning to life through a fantastic drama activity.

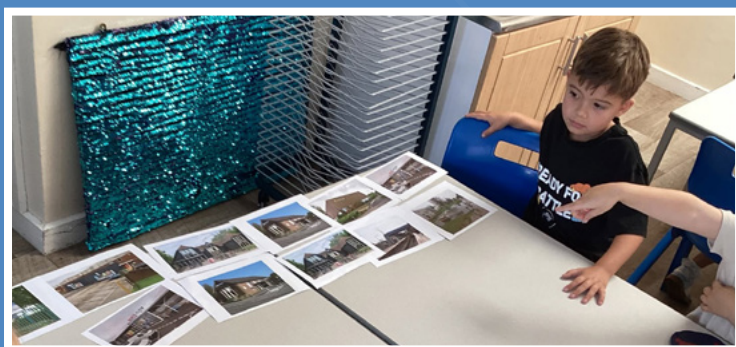

The children created and performed their own live news reports about a Viking invasion, taking on roles including Vikings, Anglo-Saxons, eyewitnesses and news reporters. It was a great opportunity to develop their confidence, creativity and teamwork while bringing their history learning to life.

Exploring Rainham

Year 1 enjoyed a fantastic Hook Day to launch their new topic, 'What Makes Rainham So Great?' The children explored the school, sorted pictures, discussed their local area and took part in their first Forest School session.

They showed plenty of curiosity, enthusiasm and teamwork throughout the day!

EYFS Take An Autumn Walk

Our EYFS children have been exploring the signs of autumn through their Drawing Club learning and a walk around the school grounds. They collected colourful leaves, conkers and pine cones before using their autumn treasures back in class for creative activities, repeating patterns and fine motor challenges.

A lovely opportunity to explore nature while developing a range of skills through hands-on learning.

Miers Court are Eco Award Winners!

Miers Court Primary School is celebrating after winning two Rainham Community Young Eco Awards. The school received the Best Picture Award and Best Poem Award, alongside being shortlisted for Gardening Team of the Year. A huge well done to all the children who contributed their creativity and ideas, with a special mention to last year's Year 5 pupils whose eco display helped showcase the school's commitment to caring for the environment!

Exploring Life-Saving Skills

Year 6 pupils welcomed the incredible Critical Care Team from Medway Hospital for an invaluable, hands-on life-skills workshop. They learned how to contact emergency services, use the recovery position, perform chest compressions and confidently use a defibrillator. A special thank you to Archie and Finley, former Miers Court pupils, for supporting the team and acting as fantastic role models. We are hugely grateful to the team for sharing their expertise and helping our pupils develop the confidence and skills to potentially save a life!

Miers Court Recognised for Active Travel

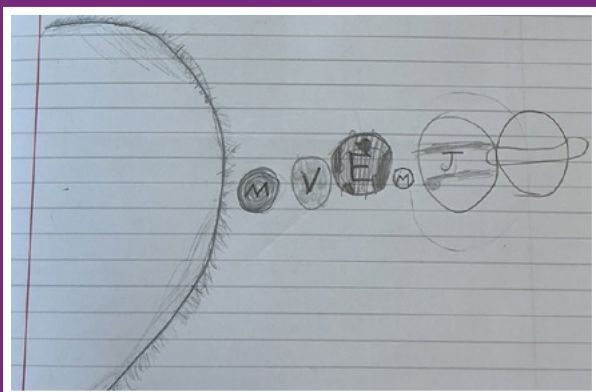

Miers Court Primary School has achieved Good Accreditation through the Modeshift STARS programme, recognising their efforts to promote healthier, safer and more sustainable journeys to school. The accreditation celebrates the school's commitment to encouraging active travel, helping pupils develop healthy habits while supporting a safer and more environmentally friendly local community. Congratulations to everyone involved in this achievement!

Building Skills and Confidence

This term, Caterpillar Class are taking a closer look at themselves while developing their skills and confidence. They have started by focusing on fine motor skills, using a range of fun, hands-on activities to strengthen their fingers and hands.

These activities are helping children develop the control, coordination and confidence they need for writing, drawing and everyday tasks. A great start to their learning this term!

Exploring Space

Year 5 have been fully immersed in their Space topic, developing their knowledge through a range of practical investigations. They explored how asteroids can impact a planet by creating their own craters using marbles and trays of flour. Pupils dropped the 'asteroids' from different heights, carefully measured the diameter of each crater and recorded how the impact changed.

It was fantastic to see them making predictions, testing ideas and using their scientific skills to draw conclusions from their results!

Biking Science in Action

Year 2 have been busy exploring the different materials used to make cycling helmets, investigating their properties and considering why particular materials are suitable for protecting us. The children have been developing their scientific thinking and making predictions as they prepare for their very own 'eggsperiment'. We're looking forward to seeing their ideas put to the test! A fantastic example of hands-on science and learning in action.

Learning Through Drawing Club

There has been lots of learning through play during Drawing Club sessions in Year 1 this term. Pupils have been developing their drawing and writing skills by practising numbers, letters and creating faces, while also using their creativity to design and build structures with LEGO and a range of other materials. The sessions have been a great way for pupils to develop their fine motor skills, imagination, confidence and problem-solving skills while having fun and learning through practical activities.

A Passionate Volunteer at Kent Life

Blake had a fantastic time volunteering at Kent Life, where he took on a variety of tasks, including understanding how to look after the animals, and really got stuck in. He approached each activity with a positive attitude, plenty of enthusiasm and a big smile, showing that he was happy to take on new challenges and help wherever needed. It was brilliant to see Blake making the most of the opportunity and demonstrating commitment, responsibility and a great work ethic throughout the day. Well done, Blake!!

The Coffee Cabin's First Official Visitor

After opening earlier this term, The Coffee Cabin welcomed its first official visitor, Mrs Conibeer! Anthony and Stevie did a fantastic job, serving customers and preparing delicious hot drinks, demonstrating excellent customer service, confidence and professionalism throughout.

It was wonderful to see them putting their practical skills into action and taking pride in their roles, as they continue to build their skills and confidence in a real-world working environment!

Exploring Animal Management

Our College Carousel group had an exciting hands-on experience today, meeting Casper the ghost corn snake as part of their Animal Management course.

The students showed great confidence and curiosity, with everyone willing to get involved and try something new. Experiences like this are a fantastic way to build practical skills, develop confidence and bring their learning to life.

Developing Construction Skills

Pupils have been putting their construction skills into practice, working hard to perfect their tiling techniques. They showed excellent attention to detail, patience and determination as they carefully worked through each stage of the task. Mr Mansford and Miss Simmonds were particularly impressed with the high standard of work and the effort shown throughout the session. A fantastic example of pupils developing valuable practical skills while taking real pride in their work. Well done!

School Sports Games Partnership

Hurstmere pupils had a fantastic day of partnership work between Hurstmere School and Sherwood Park as part of the School Sports Games Partnership. A big thank you to Louie French, MP for Old Bexley and Sidcup, for joining us and speaking with pupils about the importance of sport, and the opportunities for young people in our local area.

It was great to share experiences and celebrate the role sport plays in supporting young people and building stronger local communities.

Staying Safe

Our Year 7 and 8 students welcomed members of the Police for an important session focused on staying safe in the community and online. Students had the opportunity to learn more about potential risks, how to make safe and responsible choices, and where to go for support if they have concerns.

The session provided valuable advice and encouraged students to think about how they can keep themselves and others safe, both in their local community and when using the internet and social media. A useful and engaging session for our students.

Celebrating A Fantastic Open Evening

We were proud to welcome over 1,200 visitors to our Year 7 Open Evening this year, making it a fantastic evening of celebration and discovery. Families had the opportunity to explore the school, meet staff and pupils, and experience first-hand what makes Hurstmere such a special place to learn and grow, with a huge variety of talks and activities to take part in. A huge thank you to everyone who attended, and to all the staff and pupils who helped make the evening such a success.

Furthering Education and Careers

Engineering Challenge

Our new Year 9 students took on the Revision Card Tower Challenge, putting their teamwork, problem-solving and engineering skills to the test. With just 15 minutes to design and build the tallest freestanding structure possible, students had to think creatively and work together under pressure.

They showed fantastic ingenuity, collaboration and determination throughout the challenge. A brilliant start to their engineering learning!

Connecting Education and Industry

Waterfront UTC T-Level students recently visited the live Inspire SEN School project with Morgan Sindall Construction & Infrastructure, gaining valuable insight into the early stages of a major construction project. The visit gave students the chance to see a range of industry roles in action and explore potential career pathways. With further site visits, employer-set tasks and industry engagement planned, this partnership is helping students connect their learning with the world of work.

Art & Design Students Visit Maidstone Museum

Year 12 and 13 Art & Design BTEC students visited Maidstone Museum as part of their Creative Craft unit, exploring a wide range of craft objects from different cultures and periods. Students sketched and photographed ceramics, glass, textiles, jewellery and other traditional and unusual craft pieces, developing their observational drawing skills and gathering research for their coursework.

AliDeck Industry Visit

Waterfront UTC has launched its AliDeck industry visit programme, with our T-Level students visiting the factory to explore the manufacturing process and the range of roles involved. Students gained insight into how different teams work together and discovered more about potential career opportunities within the industry. The programme will continue throughout the year, giving Post-16 and Year 9 students valuable opportunities to meet industry professionals and see how their learning connects to the workplace. A big thank you to the AliDeck team for supporting these valuable experiences.

Furthering Social Impact and Development

Geography Fieldwork in Herne Bay

Our Geography students took their learning beyond the classroom with a fieldwork trip to Herne Bay. They investigated coastal management, explored evidence of decline and collected data through Environmental Quality Surveys and land-use mapping.

The experience gave students the opportunity to apply their classroom knowledge, develop valuable fieldwork skills and prepare for their upcoming exams.

Olivia Takes on 21 Challenges for Charlie's Promise

A huge well done to Olivia L in Year 8, who has already completed four challenges as part of her 21 for 21 fundraising campaign for Charlie's Promise. Olivia has challenged herself to complete 21 fundraising activities ahead of what would have been Charlie's 21st birthday, including walking 21km, baking 21 cookies and planting 21 daffodils in Charlie's memory. She has already raised an incredible £434, with support from her step-sister Maiya. A fantastic example of active citizenship, kindness and community spirit. Well done, Olivia!

You can support Olivia by giving a [donation here](#).

Music Explorers Day

Students from Ospringe C of E Primary School and Selling Primary School joined musicians from The Abbey School for an inspiring Music Explorers Day led by Kent Music.

Through samba rhythms and ensemble performances, students developed their musical skills, confidence and creativity while enjoying the opportunity to make music together. A big thank you to Kent Music and the students who made the day such a success!

Preparing for Life After Sixth Form

Year 13 students welcomed Staff from Canterbury Christ Church University for a valuable session on student finance. The visit provided practical information and advice to help students understand the costs of university and prepare for their next steps after Sixth Form.

A big thank you to the university team for supporting our students as they plan for their futures.

Celebrating Student Success and Social Impact

National Skiing Finalists

A huge congratulations to JB, ZT and DC, who have secured their places in the National English Schools Skiing Competition Final, following a fantastic performance in the qualifiers.

The boys also recently took 1st place Senior Male School at the National Schools Open Championship – South, with all three finishing on the podium. An incredible achievement and a brilliant example of their ambition, determination and teamwork. We wish them the very best for the national final in Norwich!

Sailing Success

A huge congratulations to JO on an outstanding performance in the annual Isle of Sheppey Round the Island Race. Taking on a challenging course of around 40 miles, Jo showed incredible determination and endurance to finish 1st in the Under 16s, 1st Catamaran and 6th overall.

Completing such a demanding race is a fantastic achievement in itself, and these results are a brilliant reflection of JO's commitment, skill and ambition. Another great example of our students achieving amazing things beyond the classroom. Well done, JO!

An Unforgettable Paris Trip

Our students enjoyed an unforgettable four-day trip to Paris, packed with sightseeing, adventure and plenty of opportunities to experience French culture. Students took a Bateaux Mouches cruise along the Seine, visited the Stade de France, Château de Chantilly and Montmartre, and had an exciting day at Parc Astérix. The trip ended in spectacular fashion with a visit to the Eiffel Tower, where students enjoyed incredible views across the city. Along the way, there were plenty of laughs, shared experiences and even two birthday celebrations, making the trip even more special!

Visiting the Houses of Parliament

Year 7 students enjoyed a fantastic day in London, including a tour of the Houses of Parliament. They explored the House of Commons and House of Lords, learning more about British democracy, the role of Parliament and the history of Westminster. Students also had the opportunity to see some of London's famous landmarks. The trip proved to be a brilliant opportunity to broaden their horizons, build confidence and experience one of the UK's most important institutions first-hand.

Join Our Team

The Howard Academy Trust's aim and vision is for our member schools to work together to build a community of successful learners, and to deliver an outstanding education for children and young people.

To ensure that we can provide this, we pride ourselves in our ability to deliver the support that you need to progress in your career in a way that best suits you.

We welcome new staff and ECTs into our 9 academies in all subjects and key stages, and provide a community which allows for collaboration and the building of a strong and supportive teaching network.

The Howard Academy Trust values employees who work for our organisation and can offer a variety of support, as well as opportunities to progress in your career with access to Middle and Senior Leadership Courses, role specific training courses for associate staff, and career stage CPD.

We also recognise that your life extends past the workplace and offer an Employee Assistance Programme, flu jabs and health checks at the workplace, subsidised gym membership and regular Mental Health and Wellbeing afternoons.

If you would like to get in touch, to discuss working with us, or how we can support your entry into teaching, you can click the link below. For more information about our ECT offer, visit: mynewterm.com/trust/The-Howard-Academy-Trust

Hire Our Facilities

Did you know that many of our facilities are available to hire outside of school hours? We have a variety of classrooms, school halls, sports hall & gym facilities, dance studios, drama studios, conference rooms and football pitches available, and accept bookings on weekday evenings and weekends!

To see a full list of the facilities available, to check availability and book a location, visit: <https://thatrust.schoolhire.co.uk/>

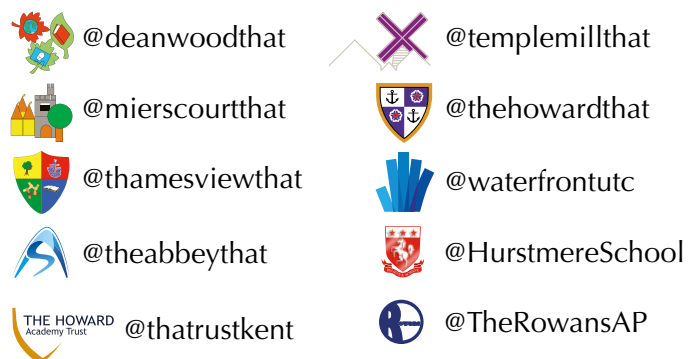

Find Us Online

To keep up to date with everything that takes place within our academies, you can follow us online on Facebook, Twitter and Instagram.

Use the handles below when searching for our individual school socials.

You can also find THAT on LinkedIn at: www.linkedin.com/company/howardacademytrust
